## CAREER OBJECTIVE

Full stack Javascript and PHP developer seeking a full-time position with an experienced web development team.

Aiming to apply my experience with building and maintaining web applications for small business to create and maintain enterprise-level web applications.

Having worked solo for the previous three years, I desire to join a collaborative development team which I can both contribute to and learn from, alongside or under senior developers.

## EXPERIENCE

**Oct 2013 - Present**

Lead Full Stack Web Developer
*Service Operations Specialists, Inc., Little Rock, AR*
Designed and implemented three major web applications from inception for consultant, employee and client use via the LAMP stack, including all facets of database design, server-side coding and the user interface for over 700 users in over 200 locations.
Providing full program maintenance, upgrades and user support.

**Mar 2011- Dec 2012**

Financial Program Manager
*Sister Cities International, Washington, D.C.*
Monitored major program budgets and finances and provided financial reports and G/L analyses to program manager.
Assisted in the preparation and implementation of the yearly budget.

**Oct 2009 - Nov 2010**

Staff Auditor
*CliftonLarsonAllen LLP, Washington, D.C.*
Performed audit engagements for over forty nonprofit entities throughout the DC metro area.
Prepared client financial statements while ensuring accuracy and proper statement presentation.

## EDUCATION
