EXPERIENCE

March 2017 - Present

Junior Software Engineer
Sumo.com, Austin, TX
Building awesome online tools to help businesses grow!

Oct 2013 - March 2017

Lead Full Stack Web Developer
Service Operations Specialists, Inc., Little Rock, AR
Designed and implemented three major web applications from inception for consultant, employee and client use via the LAMP stack, including all facets of database design, server-side coding and the user interface for over 700 users in over 200 locations. Provided full program maintenance, upgrades and user support.

Mar 2011- Dec 2012

Financial Program Manager
Sister Cities International, Washington, D.C.
Monitored major program budgets and finances and provided financial reports and G/L analyses to program manager. Assisted in the preparation and implementation of the yearly budget.

CAREER OBJECTIVE

Full stack JavaScript and PHP developer having an awesome time working with the brightest minds at Sumo.com.

Applying my experience building and maintaining web applications for small business to help Sumo.com become even better.

Having worked solo for the previous three years, I'm learning awesome skills alongside the Sumo development team and contributing my skills that I acquired through sweat, code and tears.

EDUCATION

The University of Texas at Austin
The Coding Boot Camp At UT Austin
Certificate Awarded: February 2017

The University of Arkansas at Little Rock
Bachelor of Science In Accounting

Belmont University
Bachelor of Business Administration In Finance
Bachelor of Business Administration In Music Business
